

POSITION - EXPERIENCED CAD/CAM DENTAL TECHNICIAN

Location: Moore's Dental Studio – Mold, North Wales

Salary: Competitive and negotiable - Full-time, Permanent

Moore's Dental Studio is a fully digital Dental Laboratory looking for a highly skilled crown and bridge CAD/CAM technician.

This is a rare opportunity for someone looking to further develop their skills in all aspects of private aesthetic crown and bridge production, within a lab that has been a cornerstone of Dental Technology in the UK for over 40 years.

The majority of our work is for the private sector and we provide all aspects of crown and bridge, veneers, implants and smile design cases and are fortunate enough to work with some of the most skilled and respected clinicians in the UK.

THE IDEAL CANDIDATE WILL:

- Have experience with a proven track in Crown and Bridge
- Must be able to independently design and mill efficiently using Exocad software
- Have good knowledge of implant systems, milling procedure and machinery.
- Be confident with computers/software and IT
- Have the ability to prioritise work and manage deadlines
- Be methodical, well organised and motivated
- Be confident in dealing directly with dentists when required
- Have an inquisitive nature and be eager to learn.
- Have the flexibility to assist across other departments where necessary.

THE FOLLOWING QUALITIES/SKILLS WOULD BE DESIRABLE:

- Knowledge of Trios, CareStream, iTero, 3Shape and Exocad systems
- Labtrac work scheduling software
- Ideally CAD CAM, emax and/or metal work

Ongoing training, both within the lab and externally, will be offered.

Applicants must be GDC registered and have a Diploma in Dental Technology.

Candidates that are offered an interview will also be required to take a skills test.

Working days: Monday to Friday

Uniform: Provided

Work remotely: No

COVID-19 considerations:

To keep all our team members safe we provide full PPE, screens and sanitising stations throughout the labs as well as at each bench. Strict guidelines are also in place.

How to Apply: Applications are treated confidentially and should be emailed for the attention of Carol Evans to carol@dentalstudio.org with your CV attached.

Reference ID: CAD/CAM Dental Technician

Application deadline: 30/10/2020
